

Daniele Castello – Aalborg University, Denmark

1

Daniele Castello

Associate Professor
Aalborg University, Denmark
dac@energy.aau.dk

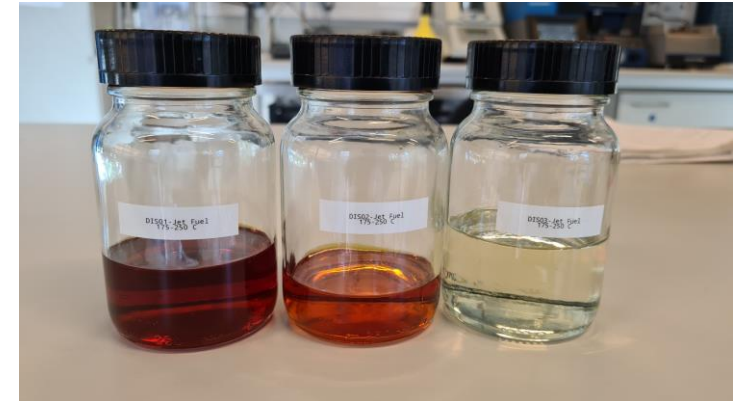

Carbon Lab research group

Hydrothermal Liquefaction

Hydroprocessing

Drop-in fuels

Status of DTL in Denmark

Pyrolysis

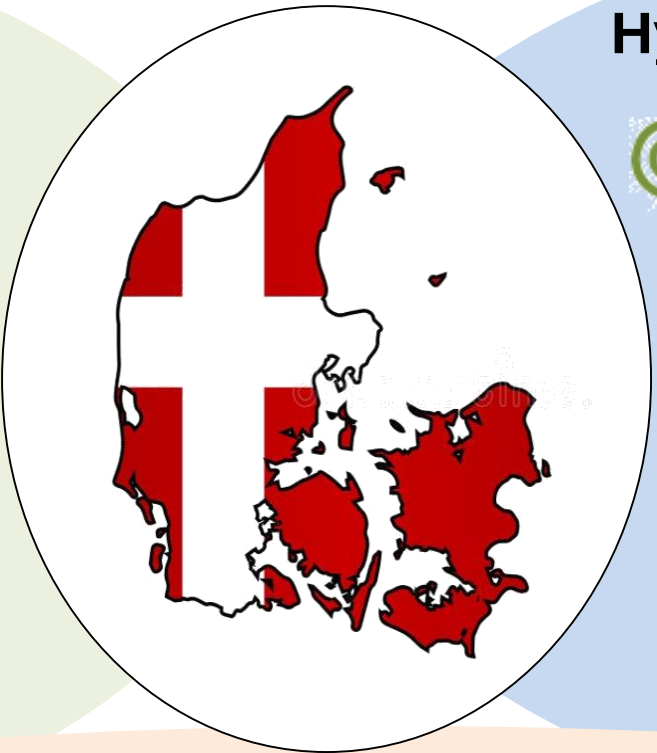

SkyClean process

Stiesdal

Microwave
pyrolysis

ORGANIC
FUEL TECHNOLOGY

Demo of pyrolysis oil
in a real marine vessel

Hydro-/Solvothermal liquefaction

HTL on sludge and agro-
industrial waste

Hydrofaction™
technology for HTL of
forestry residues

Solvothermal liquefaction
for marine fuels½

Universities and research centers

HTL and hydrotreating

HTL pilot scale
Wet oxidation

Pyrolysis and
hydropyrolysis
